

# CAOPS-WG

Christos Kanellopoulos, Darcy Quesnel

CAOPS-WG Session  
OGF 21  
October 16<sup>th</sup>, 2007

- Status of existing documents (Christos Kanellopoulos)
- Grid Certificate Profile (David Groep)
- Guidelines for Auditing Grid CAs (Yoshio Tanaka)
- Relying Party Defined Namespace Policies (David Groep)
- OCSP Document - Cert Validation (Mike Helm)
- Any other bright ideas?

# Status of existing documents

- Grid Certificate Profile

*Mike Helm, David Groep, Jens Jensen, Milan Sova, Scott Rea, Reimer Karlsen-Masur, Ursula Epting, Mike Jones*

- Document scope
  - guidance and rationale for naming and extensions in X.509 certificates, for CAs and end-entities
  - builds on deployment experience of IGTF
  - document in final stages
- Status
  - Public comment period finished on 8th Oct.
  - Received 17 comments

# Status of existing documents

- ## Audit Guidelines

*Yoshio Tanaka, Hardi Teder*

- Document scope
  - Provide guidelines for auditing CAs
  - Auditing Check List
- Status
  - Yoshio uploaded version 1.0b4 this morning
  - This document is considered to be in its final stages

# Status of existing documents

- Namespace Policy

*David Groep, Olle Mulmo, Von Welch*

- Document scope
  - Express the requirement of the existence of namespace constraints

# Status of existing documents

- Authentication Service Profile

*Tony J. Genovese, David Groep, Christos Kanellopoulos*

- Document scope
  - Definition of what an Authentication Profile is
  - Requirements for writing Authentication Profiles
- Status
  - No work on the document for more than a year
  - It needs clarification of the terms used in (e.g. what is an Authentication Federation)

# Status of existing documents

- OOSP requirements for Grids

*Olle Mulmo, Mike Helm, Jesus Luna, Oscar Manso, Milan Sova*

- Document Scope
  - requirements on relying parties and responders
  - service architecture options
  - site caches, clearing house, high-level responders
  - document complete, awaiting WG last call
- Status
  - The document was derailed from its initial scope
  - At OGF 20 it was decided to revisit the document in the future
